LORIN STEIN

Love is a carefully designed lie.

to feel the flame of dreaming and to feel the moment of
when all the romance is far away, the eternity is all
one indebted for others, while

many people don't know how to cherish others. Family is the
decision. Dreaming in the memory is not as good as waiting for the paradise in the hell
Where there is great love, there are always miracles. Love is like a butterfly. It goes
where it pleases and it pleases where it goes. If I had a single flower for every time
I think about you, I could walk forever in my garden. Within you I lose myself,
without you I find myself wanting to be lost again. At the touch of love everyone
becomes a poet. Look into my eyes - you will see what you mean to me.

Distance
makes the hearts grow fonder. I need him like I need the air to
breathe.

NATURE

Among thousands of people, meet the people you've met thousands of years.
the boundlessness of time, neither earlier nor too late, you happen to meet.
